Quikpik User Manual v1.0

Privacy Policy

The Quikpik app is a free app. This Service is provided by Quikpik at no cost and is intended for use as is.

This page is used to inform visitors regarding our policies with the collection, use, and disclosure of Personal Information if anyone decided to use our Service.

If you choose to use our Service, then you agree to the collection and use of information in relation to this policy. The Personal Information that we collect is used for providing and improving the Service. We will not use or share your information with anyone except as described in this Privacy Policy.

The terms used in this Privacy Policy have the same meanings as in our Terms and Conditions, which is accessible at Quikpik unless otherwise defined in this Privacy Policy.

Information Collection and Use

For a better experience, while using our Service, we may require you to provide us with certain personally identifiable information, including but not limited to Name, E-mail Address and Location. The information that we request will be retained by us and used as described in this privacy policy.

The app does use third party services that may collect information used to identify you.

Log Data

We want to inform you that whenever you use our Service, in a case of an error in the app we collect data and information (through third party products) on your phone called Log Data. This Log Data may include information such as your device Internet Protocol ("IP") address, device name, operating system version, the configuration of the app when utilizing our Service, the time and date of your use of the Service, and other statistics.

Cookies

Cookies are files with a small amount of data that are commonly used as anonymous unique identifiers. These are sent to your browser from the websites that you visit and are stored on your device's internal memory.

This Service does not use these "cookies" explicitly. However, the app may use third party code and libraries that use "cookies" to collect information and improve their services. You have the option to either accept or refuse these cookies and know when a cookie is being sent to your device. If you choose to refuse our cookies, you may not be able to use some portions of this Service.

Quikpik User Manual v1.0

Service Providers

We may employ third-party companies and individuals due to the following reasons:

- To facilitate our Service
- To provide the Service on our behalf
- To perform Service-related services
- To assist us in analyzing how our Service is used

we want to inform users of this Service that these third parties have access to your Personal Information. The reason is to perform the tasks assigned to them on our behalf. However, they are obligated not to disclose or use the information for any other purpose.

Security

We value your trust in providing us your Personal Information, thus we are striving to use commercially acceptable means of protecting it. But remember that no method of transmission over the internet, or method of electronic storage is 100% secure and reliable, and we cannot guarantee its absolute security.

Links to Other Sites

This Service may contain links to other sites. If you click on a third-party link, you will be directed to that site. Note that these external sites are not operated by us. Therefore, we strongly advise you to review the Privacy Policy of these websites. we have no control over and assume no responsibility for the content, privacy policies, or practices of any third-party sites or services.

Children's Privacy

These Services do not address anyone under the age of 13. we do not knowingly collect personally identifiable information from children under 13. In the case we discover that a child under 13 has provided us with personal information, we immediately delete this from our servers. If you are a parent or guardian and you are aware that your child has provided us with personal information, please contact us so that we will be able to do the necessary actions.

Changes to This Privacy Policy

We may update our Privacy Policy from time to time. Thus, you are advised to review this page periodically for any changes. we will notify you of any changes by posting the new Privacy Policy on this page.

This policy is effective as of 2020-04-27

Preface

Important Information About this User Manual

This user manual is subject to change, as the Quikpik app is currently a work in progress. The guides listed here in this manual are not final and may not reflect the features of a final version of the application.

Intended Audience

This manual was intended for anyone that is interested in the basic functionality and features of the app Quikpik.

About

Quikpik Development Team

The Quikpik Development Team is based in Long Beach, California. The team consists of students attending California State University, Long Beach. This application, Quikpik, was meant as a Senior Project for the students on this development team.

How to use Quikpik

How to Register

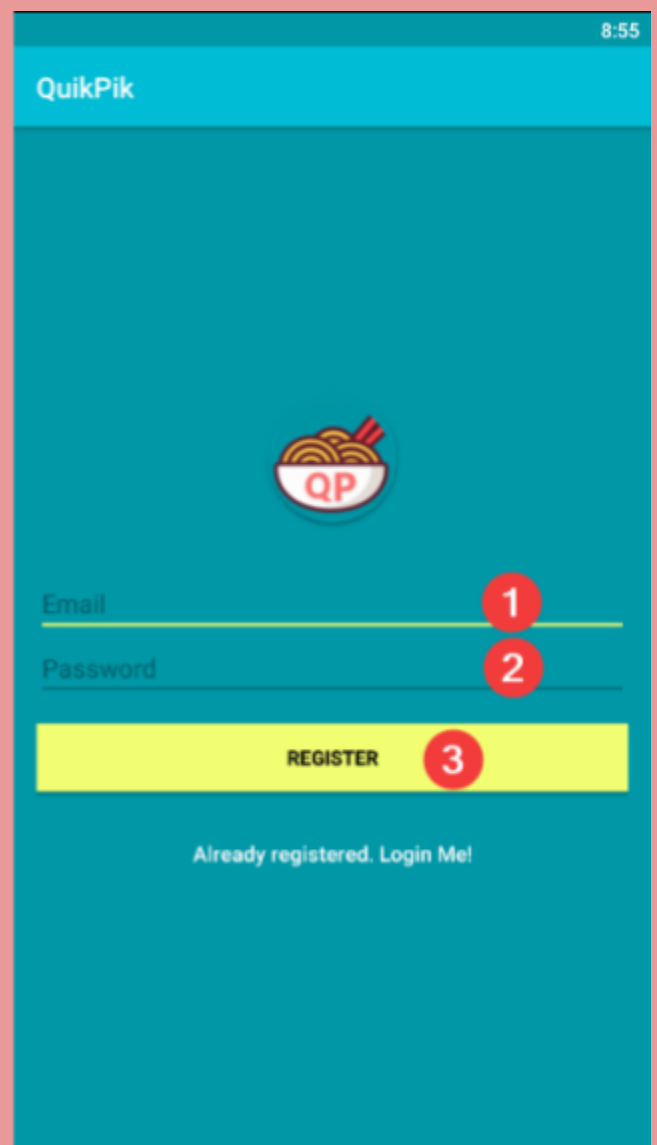

Registering with Quikpik is easy.

To register, simply launch the application. You will be greeted with a screen that looks similar to the image below:

1. Select the option labeled “NOT A MEMBER? REGISTER NOW!”
2. When you are at this screen, simply enter your desired details and click the button labeled “REGISTER”.

Step 1: Select the option labeled “NOT A MEMBER? REGISTER NOW!”

Step 2: Enter the required details, then hit “REGISTER”.

Login/Logout

To log into the Quikpik application, you must already have registered a user account.

1. To login, enter your registered email address.
2. Enter your password
3. Tap the button labeled “LOGIN”.

The screenshot shows the QuikPik login interface. At the top, the status bar displays the time 9:04. Below it, a teal header contains the text "QuikPik". The main background is a darker teal. In the center is a logo of a bowl of ramen with chopsticks, featuring the letters "QP" in red. Below the logo are two input fields. The first field contains the text "user@example.com" and is marked with a red circle containing the number "1". The second field contains a masked password ".....f" and is marked with a red circle containing the number "2". Below these fields is a bright yellow button with the text "LOGIN" in black, marked with a red circle containing the number "3". At the bottom, there is a link "NOT A MEMBER? REGISTER NOW!" and another link "Forgot your password?" in a lighter teal color.

Recover a Lost Password

Currently this feature is not supported, but will be updated in future iterations of the application. In the future, you will be able to easily recover your account by tapping the text “Forgot your password?” in the user login screen of the application.

A mockup of the QuikPik login screen. The screen has a teal background. At the top right, the time "9:05" is displayed. Below the time, the "QuikPik" logo is shown. In the center, there is a circular icon containing a bowl of ramen with chopsticks and the letters "QP". Below the icon, there are two input fields: the first contains the email "user@example.com" and the second contains a masked password ".....". Below these fields is a yellow "LOGIN" button. Under the button, the text "NOT A MEMBER? REGISTER NOW!" is displayed. At the bottom, the text "Forgot your password?" is shown next to a red circular button with the number "1".

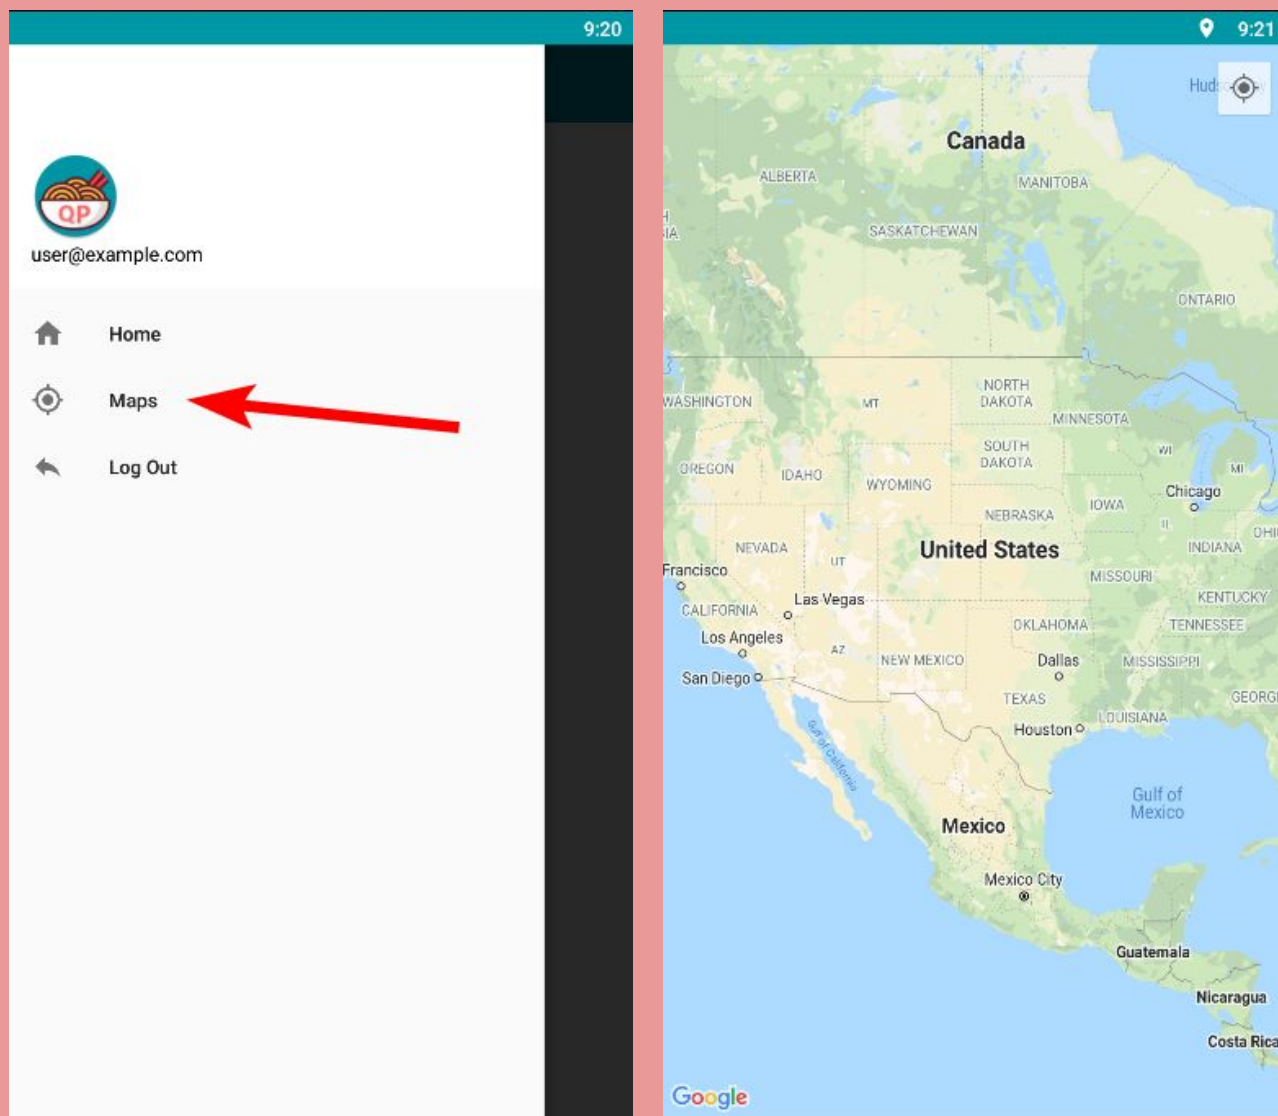

Home Screen

The home screen is still in development. In future iterations of the app, this is where you will be able to see all important information at a glance. This is also where you will be able to request a recommendation for a place to eat.

Maps

Google Maps integration is currently a work in progress. Swipe left to right to bring back the navigation menu.

User Information

Your user information (currently only registered email address) can be found by tapping the hamburger button found on the top left of the app. This will bring you to the side menu where you can see all the available features Quikpik has to offer, as well as your registered email address. The navigation menu can be folded back in by pressing the back button on your phone or clicking the empty area of the screen (shown by pointer below).
